GOLF IS OUR  
PASSION

Through his experiences in golf, Simon, a former European Tour golfer of over a hundred events, saw a gap in the market for a sports events company that offered genuine value for money and integrity. Hence, the company 'SGH Sporting Events' was born.

The years since have been a whirlwind of success for the company. Its reputation has grown into one of the most well respected sport travel specialists in the UK, offering loyal customers inside access to features that other companies simply can't reach.

Put simply, SGH Events exists to bring your dream sports trip to life. From initial consultation to the very last moments of your time with us, our mission is to make your dream experience easy, affordable and above all, truly special.

Whether you're looking to take advantage of one of our flagship Masters packages, or indeed any of our other events, our team of experienced professionals will be on hand every step of the way, offering a personal touch and a depth of knowledge that puts us way ahead of our competitors.

# BETHPAGE STATE PARK

Bethpage State Park, a golf haven situated just 30 minutes from New York City, features a remarkable 18-hole course that has earned the honour of hosting multiple major championships and has rightfully granted the prestigious privilege of hosting the 2025 Ryder Cup.

## **BETHPAGE STATE PARK**

**The Ryder Cup stands as one of the most prestigious and fiercely contested events in the golfing world, showcasing top players from both sides of the Atlantic. The tournament's unique format, passionate fan base, and the camaraderie among players make the Ryder Cup a pinnacle in the sport, creating moments of intense competition and sportsmanship.**

Renowned for its challenging layout, Bethpage State Park stands as a prestigious course, a testament to golfing excellence in the heart of the Empire State. As the USA aims to avenge a heavy defeat at the hands of Europe in Rome, the stage is set for an unparalleled golfing experience, where skill and strategy converge on this iconic course.
